Principal's Report

We are very quickly getting to the end of the term, and the year, and still so much going on! It is such a wonderful time of the year and so many nice events to enjoy!

We continue to think of our wonderful **Mrs Deb Aselford** who is recovering from a car accident two weeks ago. Deb assures us as she will be back soon, but it is taking some time for her to get back to full mobility. Hopefully, a few more physio appointments, and she'll be good as new! We have Rachel Le Vavasseeure in the office who is doing a great job of minding the shop while Deb is away and we thank her for being available this week.

The construction of the **COLA** has now been completed and we are now just waiting for the asphalt to be laid. It is a fabulous space and we are looking forward to being able to use it within the next couple of weeks.

The painting of **A Block** continues and it is looking beautiful. Just a reminder that the students may need to vacate their classrooms during this time as the paint smell is strong.

It is important for the students travelling to and from school by bus to have an **OPAL** card with them every day. Please let us know if you are having any difficulties with the online process of applying for cards.

We are all looking forward to the **Science Fair** tomorrow and finding out more about our local area. What a great opportunity for students to extend their understanding of the scientific process and display the findings of their investigations.

Please make sure you have marked dates on your calendars as there are many exciting events to enjoy at this end of the year!

Brooklyn Public Science

This Friday, November 18, the students will be holding a Science Fair. All students will be presenting their latest findings, through science, in their local area. Parents are welcome to attend on the day. The fair will commence at 12:00pm and conclude at 1:00pm. Students will be evaluating their fellow students' experiments this year and parents are welcome to join the fun! See you under the microscope!

From the Library Shelves

Thank you to the families who bought a new book for our library at the Book Fair.

Those books have been sent home today for those families to enjoy before going onto the library shelves.

Next Wednesday 23 November will be the last week that books can be borrowed for this year.

We ask that all books be returned to the library on Wednesday 30 November.

The Department of Education require that we complete a stock take at the end of each school year.
